# NORFOLK ISLAND PHILATELIC BUREAU BULLETIN #1 2011

#### Dear Collector.

Once again the festive season has rushed by and it is already February in the year 2011.

One activity that is presently taking place on Norfolk Island is the fundraising for a new hospital. The nursing staff banded together and formed a fundraising committee under the nom de plume of "Hettai Ucklun" translated into the English language this means "Here we are".

Just prior to Christmas a fundraiser was held at one of our local hotels, Governor's Lodge, featuring Helen Reddy and her sister Toni Lamond.

This event recognised a grand total of \$3914.00 and all of the people involved in the organisation are to be congratulated.

Early in January Norfolk Island was threatened by cyclone "Vania" and some days later by "Wilma". The cyclone Emergency Management Committee was extremely vigilant in notifying the community. Fortunately, by the time both cyclones reached Norfolk Island they had been significantly downgraded and Norfolk received mostly strong winds and some rainfall.

Wearable Art for 2011 has been and gone and what a tremendous effort the organisers and participants put into this event.

This year there were two grand prizes presented to the two most outstanding designers of the night. The winners received return tickets to attend the WOW Montana Wearable Art Show in Wellington. New Zealand. The winners of this event for 2011 were Wayne Boniface for his entry in the Natural Fibre category and George (Caroline) Douran for her entry in the Recycled Materials category.

Norfolk Island really is blessed with extremely talented people.

Australia Day was celebrated in the grounds of Government House once again this year. On this day awards are presented to local people who make a difference to our community by offering up their time to assist in local projects or committees on a voluntary basis.

This Australia Day one of the recipients for "Citizen of the Year" was Allan Tavener for his significant contribution to the Norfolk Island community over many years with various sporting, community and service organisations, statutory boards, as a magistrate but more recently and most importantly his role in organising the Norfolk Island "Relay for Life". The relay raised over \$30,000 for cancer research and for the provision of cancer support services to the Island.

Many of our readers will remember Allan from his days of writing this bulletin.

Regards

The Norfolk Island Philatelia Bureau Teary
